COVID-19 GUIDELINES FOR FILM PRODUCTIONS IN HAWAII

The following guidelines provide framework for safe working conditions on set and on location in light of the COVID-19 pandemic, as required by the Hawaii Film Office using guidelines provided by the state Department of Health and the Centers for Disease Control.

These current guidelines have been formulated with the guidance of the agencies listed above, as well as input from County Film Offices, local and national film industry representatives. They are considered to be the minimum steps that productions shall take to help ensure a safe working environment for its cast, crew and the public.

These general guidelines apply to all film productions working in Hawaii as well as independent contractors (e.g portrait and wedding photographers). These guidelines do not supersede any union/studio agreement that pertains to COVID-19 safety guidelines and protocols.

State of Hawaii Film Office COVID19 Guidelines for Film Productions in Hawaii shall be reviewed regularly and revised and/or expanded as new information becomes available. The Hawaii Film Office will continue its work with these industry related groups to incorporate such guidelines as applicable.¹

In General:

1. Employers (studios, production companies, etc.) are responsible for the health and safety of their cast and crew while engaged in a production. It is the employer's responsibility to properly plan to ensure:
 - a. a safe working environment for their cast and crew; and
 - b. implementing social distancing of at least 6 feet, personal hygiene for all cast and crew.

¹ Including **SAG-AFTRA** (Screen Actors Guild – American Federation of Television and Radio Artists); **IATSE** (The International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States) and The International Brotherhood of Teamsters.

2. Employers shall include reminders of social distancing of at least 6 feet and personal hygiene on all call sheets and emails in advance of and during production dates. These COVID-19 guidelines shall be reviewed thoroughly during production safety briefings.
3. Production shall use Security personnel (with possible assistance of hired off-duty police and/or DOCARE officers) to ensure that crowds of 10 or more do not gather to watch filming in public spaces. Members of the public who may be in the vicinity of a film production and choose to watch, shall practice safe distancing at all times, of at least 6 feet from other members of the public, and wear protective masks as required by law.
4. All cast and crew shall be notified that they are not to report to work if they are showing any symptoms of illness or fever.

Notices: Reminders to wear protective masks, wash hands and disinfect areas and equipment shall be posted throughout the set and production facilities.

2. Microphones, make-up brushes and other equipment shall not be shared unless properly disinfected between users. Use disposable make-up kits when possible.

On Location Operations:

1. Production shall maintain a closed-set environment at all times, with only essential production personnel present.
2. If cast and crew are providing their own transportation to/from set, they shall not carpool or ride share.
3. If crew shuttles are necessary, production shall maintain social distancing and defer to their own strict COVID safety protocols.

COVID-19 Safety Manager or Compliance Officer:

Production shall designate at least one individual whose responsibility will be to monitor safety protocols, as outlined above, and alert the unit production manager or production supervisor of any non-compliance or deficiencies.

Wrap:

Productions shall ensure that all masks, gloves and items used for disinfecting are properly disposed of. If filming is to occur the next day, steps shall be taken to clean and disinfect set and production area prior to the next designated call time.

Travel:

1. Are any of your cast/crew traveling via airplane or boat/ship to Hawaii?
 Yes **or** No
2. If yes, how many and will they arrive in time to complete the mandatory 10-day quarantine or will they participate in the Safe Travels Program?

As of October 15, 2020, the State of Hawaii implemented a Safe Travels Program for travelers to Hawaii. Please see the details at: <https://hidot.hawaii.gov/coronavirus/>
